

CITY OF NORMAN UTILITIES

Project Cost: Varied

Year Completed: Varied

Lemke Land Surveying has had an ongoing relationship with the City of Norman Utilities Authority to provide on-call surveying services since 2004. This has entailed surveying of many water, wastewater and waste capital improvement projects.

Key Projects:

36th Avenue NE Water Line

Improvements

36th Avenue NE Water Well Installation

Apple Creek Waterline

East Side Water Well Network

City of Norman Compost Facility

Phase IC Water Line Design and Construction

Sanitary Sewer Maintenance Plan FYE 2005 – 2015
